- Offer more value to customer
- Personalized experiences
- Context-aware and valuable experiences

# IOT across the decades

# Technologies that have supported IoT growth

- Cloud Computing
- Big Data
- Artificial Intelligence

# SmartWatches - Healthcare

Smartwatches can monitor your day to day life cycles like:

- ❑ Sleep monitoring
- ❑ Tracking of heart rate
- ❑ Track of blood sugar level
- ❑ Workout reminders
- ❑ Steps Tracker

## Track Your Daily Activity:

Get a breakdown of your calories burned, steps taken, and distance traveled all straight through your device giving you a better understanding of how to meet your fitness goals and lets you track your progress easily.
